

Padlock Station Kit - Option 2

Padlock station kit including long shackle padlocks. Ideal for any garage or bodyshop working on hybrid and/or electric vehicles allowing easy access, storage and identification of what locks are in use.

Additional Information

- Padlock station holding up to 6 padlocks for easy access and safe storage of padlocks in one place. Use to store unused safety padlocks to see at a glance what locks are in use. Size: 140 x 40 x 80mm.
- 6 x 76mm long shackle, non conductive nylon bodied lockout padlocks (with two coded keys), for preventing accidental activation of, or access to, high voltage systems.
- Padlock station kit with standard and long shackle padlocks and safety hasps available - please see Laser Part No. 8150.
- All products contained in this kit are available as individual items - please see Laser Part Nos. 7944 (padlock station) and 7943 (78mm padlock).
