

LTR Freewheel Remover

This freewheel remover not only fits Shimano freewheels, allowing for their quick and easy removal so that wheel bearings and axles can be accessed, but it is also suitable for use on Campagnolo Cassette lockrings when used with a holding tool or chain whip.

Additional Information

- Removal tool to fit Shimano freewheels or Campagnolo Cassette lockrings.
- 1/2"D or 21mm Hex.
- Manufactured from chrome molybdenum.
- For chain whip tool, please see Laser Part No. 8163.
