

Universal Joint Spline Bit Set 6pc

This set of 6 universal joint Spline bits are 148mm long and have a 15° working angle allowing them to be used to drive fixings in narrow or hard to reach places. They feature a quick chuck connection allowing for an easy fitment into the 2 way handle, that is both positive and secure, and come supplied in a EVA foam tray making them easy to keep organised.

Additional Information
