

Drain Key Wrench - for BMW & Mercedes-Benz

2-in-1 drain plug wrench specifically designed for use on BMW and Mercedes-Benz vehicles. It features a cranked 14mm hex key at one end, to fit transmission and differential housing drain plugs, with a single hex 17mm ring spanner at the other end to fit engine oil sump plugs.

Additional Information

- Designed to service the driveline fluids on most BMW & Mercedes-Benz vehicles. Ideal for speeding up service checks & oil changes.
- Length: 243mm.
- The 14mm hex key end services the filler & drain plugs on the transmission/differential housing.
- The 17mm (single Hex) ring spanner end services the oil drain plug.
- Manufactured from chrome molybdenum with a satin finish; 14mm hex key manufactured from chrome vanadium.
