

4-Row Wire Brush Set 4pc

Set of 4 general purpose wire brushes suitable for a wide range of applications including rust and corrosion removal, together with cleaning off loose paint and debris prior to welding or attaching electrical connections. These feature a heavy duty wooden handle, incorporating a hole for hanging, and 4 rows of steel bristles approximately 22mm in length. Ideal for use in the workshop and at home. Also suitable for cleaning patios and barbecues.
