

High Leverage 7-in-1 Pliers 215mm

These multifunctional pliers feature a high-leverage design handle with a comfort grip to allow for one-handed operation, enabling the 7 different functions to be carried out with ease. Manufactured from chrome vanadium with a polished head and a black oxide finish, it combines 11mm wide serrated jaws for gripping and extracting bolts, wire cutters, wire strippers, crimper, screw cutters and a reamer. Suitable for mechanics, electricians or DIY enthusiasts and ideal for use as part of a mobile toolkit or where storage space is limited.
