

Clutch Head Screwdriver Set 4pc

A set of 4 screwdrivers designed for use on clutch type also known as "cam out" tamper proof screw heads as found on older GM group vehicles, together with anti-theft number plate fixings. The 'figure 8' shaped drive fits into the screw head allowing for the fixing to be undone.

Additional Information

- Suitable for use on tamper resistant clutch screws.
- Sizes: 5/32", 3/16", 1/4" x 195mm long; 5/16" x 255mm long.
- Manufactured from Chrome Vanadium, with Polypropylene (PP) handles.
- These fixings can be found on older GM and other vehicles, they are also used on some number plates.
- For clutch head number plate screws please see Connect Part Nos. 30336, 30633, 30634 and 30635.
