

Centre Cap Removal Wrench - Mercedes-Benz

A replacement centre cap removal tool for use on Mercedes-Benz AMG vehicles. The wrench has a composite construction and is designed to fit over the splined outer edge of the wheels' centre cap enabling it to be turned by hand. For tighter caps the tool can be used with a 22mm spanner to loosen it off. Ideal for use in the workshop or as part of the vehicles' breakdown tool kit.

Additional Information
