

Wide Mouth Adjustable Wrench Set 3pc

A set of 3 adjustable wrenches featuring super thin jaws with a wider jaw opening than traditional adjustable wrenches, making them suitable for a wide range of jobs in the workshop and at home. Each of the wrenches are manufactured from chrome vanadium, with hardened and tempered jaws, and have a black oxide finish with a polished face. They also feature soft grip handles for comfort, together with a hanging hole for convenient storage.

Additional Information

- 3x Adjustable wrenches with an extra wide jaw capacity.
- Sizes: 165mm (length) x 32mm (maximum jaw capacity), 212mm x 42mm, 265mm x 55mm.
- Ideal for a variety of jobs round the workshop & home.
- Manufactured from chrome vanadium with a black finish, polished jaws & soft grip handles.
