

Double Ended Wheel Nut Socket Set 7pc

A comprehensive set of double-ended impact quality wheel nut sockets. It features 1x double-sided socket, featuring a colour-coded plastic protective sleeve, ideal for use on alloy wheels. Together with 5x wheel nut sockets with whole and half sizes, designed to fit factory wheel nuts with permanently fitted chromium-plated caps. These start off as a whole size, but over time due to the combination of corrosion and impact tool use, the wheel nuts can swell by up to 0.5mm. Manufactured from chrome molybdenum and designed to be used with 1/2"D short extension (included), and supplied in a blow mould case.
