

Trailer Axle Hubcap Spanner 120mm 8-Sided 3/4"D -

Designed to allow the rear wheel bearing caps to be removed using a mallet or $\frac{3}{4}$ "D socketry. The addition of the $\frac{3}{4}$ " square drive allows for the use of a torque wrench when refitting the hubcap. Ideal for road side work where air tools may not be available.

Additional Information

- 8-sided, 120mm across flats.
- BPW axle prefix applications include: EH (13 to 16 Tonne), H (14 to 18 Tonne), K, N & Z (13 Tonnes).
- Equivalent to OEM 03.339.05.02.0 with additional $\frac{3}{4}$ "D capability.
- Manufactured from carbon steel (S45C).
- NOTE: Always use in accordance with OEM instructions.
