

Trailer Axle Hubcap Spanner 110mm 3/4"D - BPW

Designed to allow the rear wheel bearing caps to be removed using a mallet or 3/4"D socketry. The addition of the 3/4" square drive allows for the use of a torque wrench when refitting the hubcap. Ideal for road side work where air tools may not be available.

Additional Information

- 110mm across the flats/oval profile.
- BPW axle prefix applications include: H, K, N (12 Tonne).
- Equivalent to OEM 03.339.05.04.0 with the addition of 3/4"D capability.
- Use in accordance with OEM instructions.
- For 1"D socket see Laser Part No. 5597.
