

Pry Bar Wrench Adaptor 3/8"D

This compact pry bar adaptor head is designed to allow any 3/8"D breaker bar or ratchet to be used for prying and lifting. The low-profile design, combined with the 8 point (double square) drive, allows for it to be used in a wider variety of positions than a traditional fixed head pry bar and ideal for use in hard to access areas.

Additional Information

- Pry bar adaptor head, for use with a breaker bar, wheel brace or ratchet.
- 3/8"D x double square (8pt) profile.
- Overall length: 70mm. Width: 15mm.
- The double square drive allows you to position it precisely. Ideal for use in tight spaces.
- Manufactured from SCM440 steel for strength (hardness 40-44), with a nickel-plated finish.
