

Impact Universal Joint Socket Set 3/8"D 10pc

A set of 3/8"D universal joint impact sockets with single hex (6pt) profile from sizes 10mm up to 19mm. At 53mm in length, these sockets with the built in U/J come in a lot shorter than using a standard socket together with a universal joint allowing for better access to difficult to reach fixings. This heavy-duty set is manufactured from chrome molybdenum for strength and durability with a black phosphate finish for improved corrosion resistance. Supplied in an EVA foam tray, designed to fit roll cab drawers, keeping the sockets clean, tidy and ready for use.

Additional Information

- Socket sizes: 10, 11, 12, 13, 14, 15, 16, 17, 18, 19mm.
- 3/8"D x single Hex (6pt) profile. Length: 53mm.
- Universal joint head provides excellent access to confined areas.
- Manufactured from impact quality chrome molybdenum (SCM440) with a black phosphate finish.
- Presented in an EVA foam tray (37 x 140 x 197mm) convenient for user storage & limiting packaging waste.
