

Transmission Rubber Mounting Bush Installer/Remover -

The BMW xDrive gearbox mounting, over time, starts to wear and break up causing excessive transmission movement, noise, vibration, and harshness. The Laser 9084 gearbox mounting bush extraction & insertion kit has been designed to enable the removal and fitting of this bush with the transmission still in the vehicle and the minimum of disassembly.

Additional Information

- BMW 4-wheel drive (xDrive) transmission mounting kit.
- Applications include: BMW 3 series 2005 - 2014. 5 Series 2003 - 2017. 7 Series 2008 - 2015. X1 2009 - 2015.
- Gearbox applications include: ATC300, ATC350, ATC35L & ATC450 (all 4x4). Equivalent to: OEM 221040, 221041, 221042, 221042, 221043, 221044, 221045 & 221046.
- Manufactured from carbon steel, with a Chrome Molybdenum force screw.
- NOTE: Always ensure force screw is lubricated with molybdenum disulphide grease prior to use. Use in accordance with OEM instructions.
