

## Ratchet Ring Combination Spanner Set 20 - 32mm 7pc

Following on from the successful Laser 12pc Bi-Hex (12pt) ratchet ring combination set (Part No. 8511) and as a result of requests from our customers we have introduced the Laser 9124, a 7pc set that offers popular sizes from 20 to 32mm. Featuring a 72-tooth ratchet mechanism means that just 5° of movement is required, allowing fasteners to be turned quicker and making them ideal for use in confined areas. They are manufactured from heat treated chrome vanadium with a chrome plated finish.

### Additional Information

- Sizes: 20, 21, 22, 24, 27, 30, 32mm.
- 72 teeth ratchet spanners, Bi-Hex (12pt) ratchet ring.
- 5° movement to turn the fastener, ideal for use in confined areas.
- Manufactured from heat treated chrome vanadium (CR-V) with chrome plated finish.
- Presented in an EVA foam tray (37 x 230 x 465mm) convenient for user storage & limiting packaging waste. For sizes 8 - 19mm, please see Laser Part No. 8511.
