

Pry Bar wrench Adaptor 1/2"D

A welcome and much requested addition to the Laser pry bar adaptor range. The Laser 9205 pry bar adaptor head is designed to allow any 1/2"D breaker bar or ratchet to be used for prying and lifting. The low-profile design, combined with the 8-point (double square) drive, allows for it to be used in a wider variety of positions than a traditional fixed head pry bar and ideal for use in hard to access areas.

Additional Information

- Pry bar adaptor head, for use with a breaker bar, wheel brace or ratchet. Can also be used with a 27mm open ended spanner.
- 1/2"D x double square (8pt) profile, which allows you to position it precisely. Ideal for use in tight spaces.
- Length: 75mm. Width: 15mm.
- Manufactured from SCM440 steel for strength (hardness 40-44), with a nickel-plated finish.
- A smaller 3/8"D pry bar wrench adaptor is also available, please see Laser Part No. 8814.
