

Low Profile Square Drive Adaptor Set 5pc

A selection of low-profile square drive convertors, comprising female to male square drive adaptors, covering all drives from 1/4"D to 3/4"D. keeps working length to a minimum when mixing socket drive sizes.

Additional Information

- Step up adaptors: 1/4"D (F) to 3/8"D (M), 3/8"D (F) to 1/2"D (M), 1/2"D (F) to 3/4"D (M).
- Step down adaptors: 3/8"D (F) to 1/4"D (M), 1/2"D (F) to 3/8"D (M).
- Manufactured from Boron Chrome Vanadium steel (50BV30) with black phosphate finish.
- Features a knurled ring for finger tightening fixings prior to using socketry. Supplied on an aluminium socket rail.
- Due to the danger of overloading the adaptor by using step down/up convertors the Laser 9232 set are considered consumable.
