

Engine Timing Kit - for Fiat 2.2 Diesel

This Laser 9258 timing tool kit has been designed to lock the Fiat 2.2 Multijet diesel engines from 2021 in their timed position to allow safe removal and fitting of the camshaft drive belt.

Additional Information

- Applications include: Fiat Ducato 120 4x2, 140 4x2, 160 4x2, 180 4x2 (from 2021).
- Engines applications include: 2.2L, 46349131 & 46348913.
- Use in accordance with OEM instructions.
- Equivalent to OEM part numbers: 1870896900, 2063300091 & 2027400090.
- NOTE: Access to the timing belt requires removal of the headlamps, front bumper, front grille & bonnet shut panel. For earlier 2.3L JTD engines see Laser Part No. 4636. Made in Sheffield.
